## EUGBC EVENTS

### Site Visit – Drops Wellness

On January 28, a site visit was held at Drops Wellness for representatives of the diplomatic corps accredited to Georgia and the business sector.

As part of the visit, the clinic's management provided the guests with detailed information about its activities and services.

Guests also had an opportunity to tour the clinic's infrastructure, which specializes in both overall health improvement and recovery, as well as cosmetic and aesthetic services.

## Meeting with the French Delegation visiting Georgia

On February 24, EUGBC leadership and members met with the French Business Delegation visiting Tbilisi.

EUGBC Secretary General, Zviad Chumburidze thanked the Mouvement des Entreprises de France (MEDEF) and the Embassy of the French Republic in Georgia for creating valuable B2B networking opportunity and expressed readiness for exploring new avenues of cooperation between Georgian and French business sectors.

## Meeting with the Lithuanian Ambassador

Ambassador Extraordinary and Plenipotentiary of the Republic of Lithuania to Georgia, H.E. Darius Vitkauskas, hosted representatives of EU-Georgia Business Council member and partner companies at the Embassy. The meeting was organized by the EUGBC.

At the meeting the sides discussed issues of deepening economic cooperation between Georgia and Lithuania, including the prospects for exchanging business visits.

### ARDI

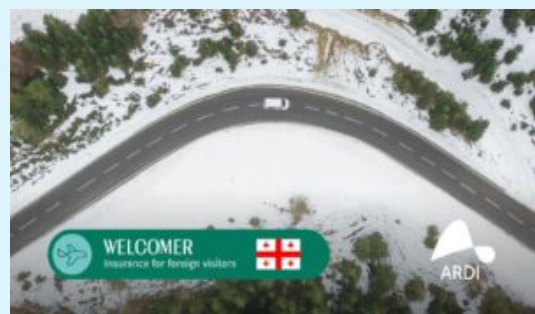

#### **Mandatory Insurance Increased Demand for ARDI's Long-Established Product for Inbound Visitors**

As of 1 January 2026, a new regulation has entered into force in Georgia requiring all foreign nationals and visitors entering the country to have mandatory travel insurance covering their entire stay. The purpose of this requirement is to ensure immediate access to emergency medical services when needed. According to ARDI, the new regulation has significantly increased demand for the company's long-established insurance product for inbound visitors — Welcomer – Travel in Georgia Insurance, which has been successfully serving foreign guests with full emergency medical coverage for over 10 years.

The Welcomer policy, with an aggregated limit of 30,000 GEL, fully complies with the requirements defined by Georgian legislation. It is designed for all types of visitors — from tourists and students to business travelers and expats staying in Georgia for up to one year. ARDI's extensive experience, the country's broadest network of medical providers, and an efficient operational service system enable the company to effectively support foreign citizens visiting Georgia for any purpose or duration.

For Welcomer policyholders, access to services is as simple as possible. A single call to ARDI's 24/7 Contact Center (0322 101010) ensures rapid organization of full emergency medical assistance across Georgia, including: emergency hospitalization, outpatient services, urgent dentistry and ophthalmology, medical evacuation, and repatriation. Additionally, ARDI offers several unique coverages for foreign visitors, such as:

- Tourist civil liability insurance
- Personal belongings insurance
- Interpreter service expenses
- Personal legal assistance costs

In cases where a foreign citizen remains in Georgia for work or residency purposes for one year or longer, ARDI recommends purchasing a full annual medical insurance package. ARDI’s individual medical insurance program, “Vitamins,” has been in effect since 2015 and is considered one of the most comprehensive individual insurance packages on the Georgian market. In addition to emergency services, it also covers all types of planned medical care — including medication expenses, medical check-ups, and routine dental services.

Ways to purchase ARDI’s insurance for foreign visitors:

Online 24/7: Fast purchase on ARDI’s official website from anywhere in the world, with any bank card. The process takes only 2 minutes. Daily cost starts from 2 GEL.

Via ARDI Mobile App: Visitors can purchase the policy electronically and access services when needed through the SOS button, medical provider module, and more.

Through partner online insurance marketplaces (for visa applications or independent purchase):

- We Insure
- Geotrust

At partner bank branches — available at Credo Bank service centers nationwide. Visitors/Expats can find preliminary information here.

Partner travel agencies and organizations: The Welcomer policy is exclusively available at the following travel agencies:

- |                        |                       |
|------------------------|-----------------------|
| ➤ Tur Georgia          | ➤ Holiday Planners    |
| ➤ M_Travel             | ➤ Ambassador Travel   |
| ➤ World Express Travel | ➤ Register in Georgia |

1-year medical insurance policy: Purchase is available both individually and for family members on ARDI’s official website. The minimum package is Vitamin C, with an aggregated limit of 30,000 GEL, starting from 95 GEL per month.

ARDI branches across Georgia: Visitors can receive in-person consultation and obtain both electronic and printed (physical) policies if required. ARDI branch locations:

- Insurance House Tbilisi – Z. Anjaparidze St. (former Sandro Euli St.) N1
- Insurance House Batumi – V. Gorgasali St. N110
- Insurance House Kutaisi – Pushkin St. N6
- Insurance House Poti – D. Aghmashenebeli St. N16

“Our goal is to create a safe and seamless experience for foreign visitors from the moment they cross the border. With our omnichannel purchase and service system, visitors can receive complete coverage within minutes, wherever they are. ARDI has been building this experience for many years. We believe that the activation of mandatory insurance will further strengthen ARDI’s reliable and stable position in full compliance with the new regulations, contributing to the development of responsible and sustainable tourism in Georgia,” ARDI states.

## Ardi Continues Sukhishvili Talent Insurance

The insurance company Ardi and the Iliko Sukhishvili and Nino Ramishvili Georgian National Ballet “Sukhishvili” are starting a new stage of cooperation — a partnership that involves professional talent insurance and which is still the most innovative type of insurance in Georgia.

Years ago, the insurance company Ardi insured all members of the Georgian National Ballet, setting the first precedent for talent insurance in our country. This relationship moved to a new level in 2026.

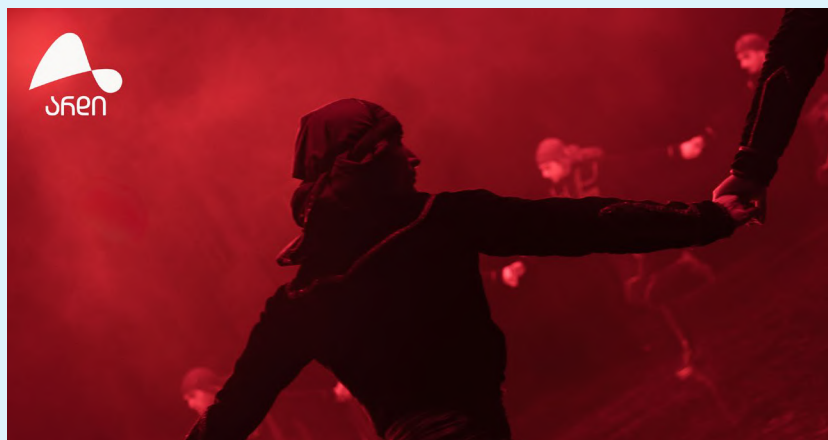

The renewal of cooperation was officially signed on the stage of the Tbilisi Opera and Ballet Theater, before the anniversary concert of the “Sukhishvili”, where a great history began 80 years ago. This evening, the signing of a historic memorandum between Ardi and “Sukhishvili” took place, which provides for the insurance of the ensemble’s genius and professional talent.

The Sukhishvili Ensemble is one of the most distinguished representatives of authentic Georgian culture — a troupe that has represented Georgia on the world’s great stages for decades. Last year’s anniversary year was marked by a performance on the legendary Carnegie Hall stage in New York. It is a special responsibility for Ardi to be the partner and insurer of the Georgian National Ballet “Sukhishvili”.

The insurance fully covers all members of the ensemble – both dancers and musicians, and is valid both in Georgia and during international tours to any country in the world.

According to the General Director of “Ardi”, Mikheil Japaridze: “This is not another insurance cooperation between two organizations — this is the introduction of a new vision for the insurance market and our cultural sphere. Years ago, we wanted to create a practical, real care tool for those outstanding professionals whose work is related to supernatural talent. We started to instill this idea with the Sukhishvili, and the tradition continues. The total insurance limit of the troupe is 1 million GEL, which any of its members can use in the event that any of them, due to an unforeseen accident or injury, cannot continue their professional activities. We believe that if the world’s biggest stars have their professional talent insured, the genius of the Sukhishvili in our country should also benefit from a similar unique service. So, this time it’s the turn of insured dancing.”

According to Nino Sukhishvili, Such support is especially important for the ensemble members: “Professional security is the basis of any creative activity. This cooperation allows us to continue with more peace of mind the work that we have been doing for years and that often requires difficult and hard physical labor.”

According to the insurance company Ardi, the company plans to connect talent insurance to other — both already famous and rising — stars for whom talent is their main professional activity and daily working environment.

## Dentons Georgia

### Dentons Georgia sponsors and supports the 15th Tbilisi Vis Pre-Moot

Dentons' Tbilisi office has continued its tradition of supporting the Arbitration Initiative Georgia (AIG) by providing both professional and financial assistance in organizing the 15th Tbilisi Vis Pre-Moot competition.

“This year, we were particularly inspired by the diversity represented throughout the event, diversity of jurisdictions, academic backgrounds, professional experiences, and perspectives. Bringing together participants from different legal systems and cultures created a truly dynamic exchange of ideas and reinforced the global nature of our profession.” - commented Tbilisi Vis pre-moot team.

Among many well-regarded lawyers from Georgia and other jurisdictions, Lela Basilaia represented Dentons Georgia as an arbitrator at the Pre-Moot. She judged at hearings involving four university teams from the Czech Republic, Germany, and Saudi Arabia: Free University of Berlin, Ruhr University Bochum, Prince Sultan University, and Masaryk University.

Dentons Georgia is proud to continue this tradition and remain actively involved in such an important initiative, which aims to promote arbitration and encourage students' engagement not only in Georgia but across the region.

“We have supported the Vis Pre-Moot for many years. We are proud to provide both financial and intellectual support to the organizers of the Pre-Moot and, through this initiative, contribute to the development of the legal professional community in Georgia,” said Otar Kipshidze, Managing Partner of Dentons Georgia.

The Tbilisi Vis Pre-Moot is an annual event organized by Arbitration Initiative Georgia since 2010. It serves as an international preparatory round for the Willem C. Vis International Commercial Arbitration Moot. Since 1994, the Vis Moot has been held annually in Vienna, Austria, bringing together more than 300 law schools from around the world and inspiring the organization of more than 20 Pre-Moot competitions globally each year. It is the largest arbitration moot competition and the second-largest moot court competition worldwide.

Gvinadze & Partners

**Gvinadze & Partners Acts for the Lender on a USD 150 million Loan for the Expansion of Tbilisi International Airport**

We are pleased to share that we have acted as the Georgian legal counsel to the Lender in connection with the USD 150 million loan facility granted to TAV Georgia, a member of Groupe ADP. This financing supports the next phase of development at Tbilisi International Airport, including a significant expansion program set to double the airport's annual capacity to 10 million passengers, and includes a concession extension for TAV Georgia through 2031. This transaction marks a significant milestone in Georgia's infrastructure development, strengthening Tbilisi's position as a regional aviation hub.

Our Team on this transaction was led by Partner Sophie Panjikidze, together with Senior Associate Nino Gobejishvili and Associates Tekla Megreli and Nino Karalashvili. We congratulate our team, as well as all parties involved in this important transaction and their respective legal counsel on this success.

Gvinadze & Partners LLC is a leading Georgian business law firm celebrating three decades of legacy of serving and promoting business and investment in Georgia, and it is widely recognized as the highest quality legal service provider in all key practice areas including Banking and Finance.

## Nomos Georgia Law Firm

The Training Center of Nomos Georgia Law Firm conducted a professional training on the major labor migration and residency regulation changes taking effect on March 1, 2026.

The meeting covered new legislative requirements, employer obligations, compliance risks, and practical steps businesses should take to prepare. The session was led by the firm's Founder and Business Lawyer, Lika Tsintsabadze, who shared practical insights based on real cases.

These changes will directly affect both employers and foreign nationals and will significantly impact companies' operations and financial stability. The topic is particularly relevant for business associations and organizations that support their member companies by keeping them informed about legislative developments."

## AVB

AVB is a leading audio-visual system integrator and distributor in Georgia, specializing in professional sound, lighting, video, and conference solutions. Since 2007, the company has provided end-to-end services—from consultation and system design to engineering, installation, and technical support—driven by a commitment to quality, innovation, and long-term partnerships.

### Project Spotlight | AVB x Villa Mosavali

Delivering Villa Mosavali required more than installation—it involved a fully coordinated process of planning, design, engineering, and precise implementation. AVB collaborated closely with the client to ensure that all technical solutions aligned with the venue’s architectural vision, operational requirements, and premium positioning.

The space integrates a restaurant, conference and event areas, as well as an outdoor garden and pool zone, each with distinct acoustic and visual demands. AVB addressed this complexity by creating a unified technological ecosystem, where sound, lighting, and control systems operate seamlessly while remaining adapted to each environment.

A tailored approach was applied to outdoor areas, where weather-resistant audio systems provide consistent coverage and balanced sound, blending naturally into the surroundings. Indoor spaces were equipped with integrated solutions designed to support diverse functions—from business meetings to large-scale events—ensuring both performance and ease of use.

Lastly, installed lighting control system enabling precise control, advanced programming, and synchronization of dynamic lighting scenarios. The lighting concept brings together stage, ambient, and architectural elements into a cohesive system, allowing the venue to transition effortlessly between elegant and high-energy settings.

Smart CLM

## Official presentation of SmartCLM

On February 18, in cooperation with the EU-Georgia Business Council (EUGBC), the official presentation of SmartCLM was held. The event was attended by representatives from the financial, legal, technological, and other sectors.

As part of the presentation, we introduced the first CLM (Contract Lifecycle Management) platform in Georgia, which allows users to quickly, securely, and efficiently create and manage documents in a single system.

We discussed how contract and document management can become:

- Structured
- Legally compliant
- Fully digital

During the presentation, guests had the opportunity to learn in detail about the platform's functionality, capabilities, and the business value that SmartCLM creates for companies.

## WINE DIAMOND

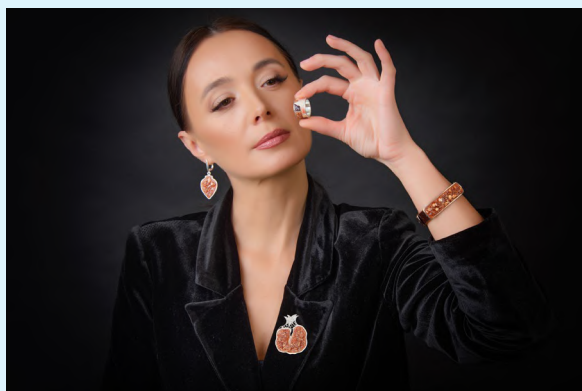

Wine Diamond is a Georgian brand that creates jewelry from wine crystals — a concept with no parallel anywhere in the world.

So unique is the company that it was discovered by the editorial team of The New York Times, which dedicated an extensive feature to the brand. Notably, this marked the first time a Georgian brand appeared in such a prestigious and high-profile publication, at the initiative of the newspaper itself.

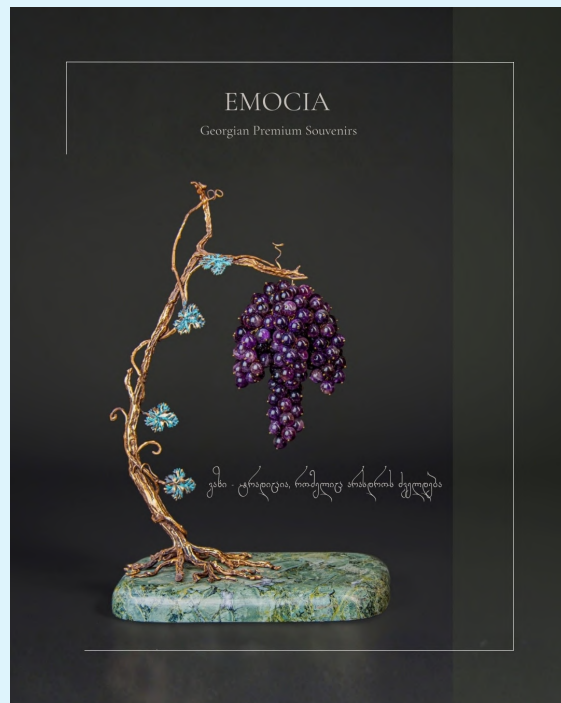

The company continues to grow and evolve, currently developing new designs that reflect its distinctive artistic signature.

Recently, Wine Diamond unveiled a new catalog featuring renowned Georgian actress Ia Sukhitashvili, further elevating the brand's presence on the international stage.

## EMOCIA WINES

Wine Emocia Wines is a Georgian brand that creates premium souvenirs inspired by the vine and the essence of Georgia. Each piece comes with elegant branded packaging and a passport booklet featuring fascinating insights about the country.

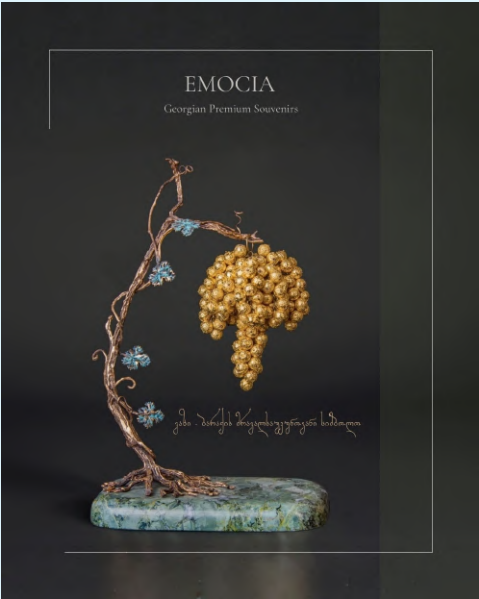

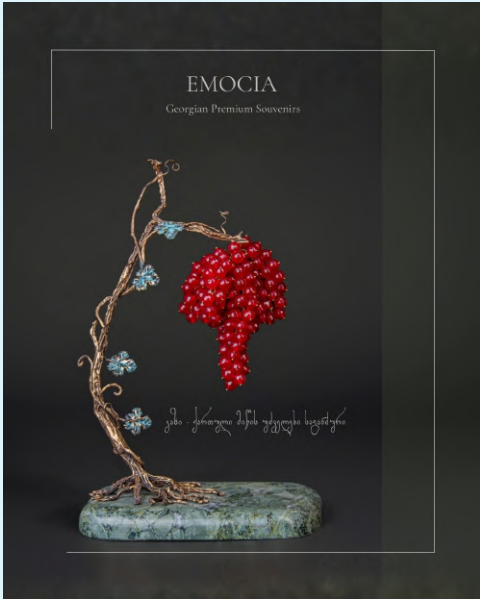

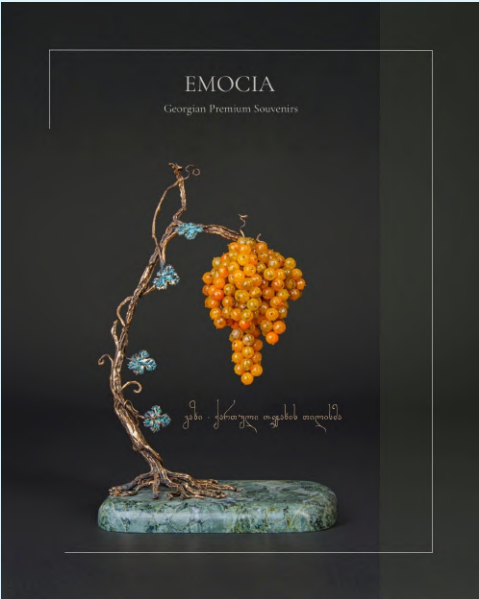

Recently, the company introduced a new line of souvenirs representing a timeless symbol of Georgian identity and its 8,000-year heritage. This abundant grape cluster is so lifelike that it is difficult to distinguish from the real.

Emocia Wines souvenirs are entirely handmade, crafted from natural stones, bronze, and marble.
